Welcome to Celebration Health. We are blessed to have a foundation built on the medical pioneers of yesterday, and today we continually forge ahead creating the health care model of tomorrow. Whether you’re visiting us as a patient, family member or resident of the community, we want you to know how much we value our guests. No matter what specific medical need brings you here, you can be assured that you’ll receive the highest quality medical care. At Celebration Health, we provide whole-person health care that includes mind, body and spirit. That’s why we believe in the Creation of Health and Healing.

No, we’re not a traditional hospital— you’ll find everything from state-of-the-art technology and revolutionary medical procedures to extraordinary facilities and compassionate medical care. We’re glad you’re here and we’re hopeful that your experience will be a positive one. If there is anything we can do for you, please don’t hesitate to ask.

God Bless,

Monica Reed, MD
CEO, Florida Hospital Celebration Health

Dear Guest,

Finding Your Way

Welcome to Celebration Health. We are blessed to have a foundation built on the medical pioneers of yesterday, and today we continually forge ahead creating the health care model of tomorrow. Whether you’re visiting us as a patient, family member or resident of the community, we want you to know how much we value our guests. No matter what specific medical need brings you here, you can be assured that you’ll receive the highest quality medical care. At Celebration Health, we provide whole-person health care that includes mind, body and spirit. That’s why we believe in the Creation of Health and Healing.

No, we’re not a traditional hospital— you’ll find everything from state-of-the-art technology and revolutionary medical procedures to extraordinary facilities and compassionate medical care. We’re glad you’re here and we’re hopeful that your experience will be a positive one. If there is anything we can do for you, please don’t hesitate to ask.

God Bless,

Monica Reed, MD
CEO, Florida Hospital Celebration Health

Finding Your Way

Healthcare Innovation and Technology Breakthroughs

Celebration Health serves as a model for future facilities. Built on four major purposes, Celebration Health has become a global health care leader, providing continuously innovative, thoughtfully designed health care in a comprehensive facility that contains programs and services that serve as a model for future facilities across the country and around the globe.

The Purposes of Celebration Health

- A commitment to provide our community with exemplary care at every opportunity, from prevention against such health-threatening events as diabetes, heart disease and cancer, to providing an advanced, community-based hospital.
- Dedication to providing innovation— ground-breaking health care solutions through clinical innovation, educational partnerships, research and publishing, and technological breakthroughs in a manner that could be viewed as a “living laboratory.”
- Ultimate integration— a non-traditional destination hospital for primary and advanced medical treatment and research for both our patients and all the physicians who seek to be at the forefront of medical care and advanced techniques.
- Inspiration of the mind, body and spirit to achieve lasting change in the 21st century. This is seen as a 21st century expression of the Adventist Health message.

CREATION: Our mission is the Creation of Health and Healing. This can be embodied through the eight universals of health, which are taught in all of our programs as a foundation for achieving overall health:

- Choice: is the first step toward improved health.
- Rest: is both a good night’s sleep and taking time to relax during the day.
- Environment is what lies outside our bodies yet affects what takes place inside us.
- Activity includes stretching, muscle development and aerobic activity.
- Trust in God speaks to the important relationship between spirituality and healing.
- Interpersonal Relationships are important to our well-being.
- Outlook colors our perspective on life, influences our health and impacts progression of disease.
- Nutrition is the fuel that drives our whole system.

Vision: At Florida Hospital Celebration Health, we believe that health is a journey that requires inspiration and trust. This journey is best achieved through whole-person care that includes mind, body and spirit. We are dedicated to providing exceptional care that is grounded in the healing power of creation and the strength of faith.

Mission: Our mission is the Creation of Health and Healing. This can be embodied through the eight universals of health, which are taught in all of our programs as a foundation for achieving overall health:

- Choice: is the first step toward improved health.
- Rest: is both a good night’s sleep and taking time to relax during the day.
- Environment is what lies outside our bodies yet affects what takes place inside us.
- Activity includes stretching, muscle development and aerobic activity.
- Trust in God speaks to the important relationship between spirituality and healing.
